We know the academic and creative talent throughout our campus about this is always great joy to see that talent displayed for our community at large to wiew and celebrate. That's why I am so pleased with the recent attention our Ingham Chapman Gallery has garnered with its first gallery exhibition in over a year.

The current exhibition, which I invite you all to go aemogloy, features work from two local groups: The Sunday Funday

To all of our faculty, staff, and students: Please keep up your good work, and thank you for all that you do to help fulfill our mission as a branch campus of the University of Nexico!
